AMENDMENT

Commissioner of Patents
Washington, D.C. 20231

Sir:

In response to the Examiner's Office Action mailed September 19, 2001, the period for response having been extended three (3) months to March 19, 2002, with the payment of the appropriate fee, please amend the above-captioned application as follows:

IN THE CLAIMS:

Please amend claim 17 as follows:

The amendments to the claim are outlined in an attachment to the amendment using the conventional indication method of bracketing and underlining.

2wG1
17. A system for forming a custom-made insole, comprising:
at least one scanning station for supporting a foot to be measured, the at least one scanning station including a base having a length for supporting the foot, and at least one movable laser scanning unit for determining coordinates of an undersurface of the foot by directing at least one line of laser light along the undersurface, the at least one laser scanning unit including a first and second side portion extending upwardly from the base along the length
